Push All CT/ CT Angio Emergent Pelvic and Lower Extremity Exams

1. **Emergent CT/ CT Angiogram** pelvic and lower extremity studies should be sent to ENITS as the primary diagnosis imaging modality to support a consult related to femoral occlusions and/ or lower limb ischemia.
2. Currently sites connected to ENITS have adopted the **Push All** protocol for emergent CT/ CT-Angiogram study sets.
3. Images are removed from ENITS after 7 days.
4. Disks should be sent for patients being transferred to a vascular/ cardiac center upon request.

Push All CT/ CT Angio Emergent Abdominal / Thoracic Exams

5. **Emergent CT/ CT Angiogram** studies are the primary diagnosis imaging modality to support the consult process for **Type A** or **Type B** Aortic Aneurysms or Dissections in the province.
6. Currently sites connected to ENITS have adopted the **Push All** protocol for emergent CT/ CT-Angio abdominal and chest (thoracic) exams
7. **Push all** refers to the process implemented by referring hospitals to push emergency CT/ CTA studies to ENITS directly from the modality.
8. Images are removed from ENITS after 7 days.
9. Disks should be sent for patients being transferred to a vascular/ cardiac center upon request.

Push All CT Emergent Head and Spines

10. **Emergent CT heads** are the primary diagnosis imaging modality to support the consult process for all emergent neurosurgical and spinal cases in the province.
11. Currently sites connected to ENITS have adopted the **Push All** protocol for emergent CT head and spine (C,T and L) exams
12. **Push all** refers to the process implemented by referring hospitals to push emergency CT heads and spines to ENITS directly from the modality.
13. Images are removed from ENITS after 7 days.
14. Disks should be sent for patients being transferred to a neurosurgical center upon request.

On Demand MRI Emergent Spines

1. <u>On-demand</u> refers to the selective process by the referring hospital to post emergent MRI spine exams to ENITS.
2. The <u>on-demand </u>process will be defined between the Diagnostic Imaging and Emergency / ICU department.

ENITS Help desk

1. If you are having any issues posting exams to ENITS, please contact the Help Desk by phone: **1-877-465-7167** **or if local** <u>519-685-8335</u>
2. The Help desk is available **24 hours/day X 7 days/week**
3. The Call Agent will document your access issue. Ensure that during the call, you communicate the following:
   - It is an **ENITS** call
   - The Hospital you are calling from
   - A thorough description of the problem
   - A call back #
4. In the event your request **does not require immediate attention**, please Email the ENITS Support at : **enits@lhsc.on.ca**:
   - Modify an existing modality
   - Add a new modality
5. Additional ENITS reference materials can be found on the CritiCall Ontario web site at the following link:
